Structural Engineer

Moroff & Kuhne

Quantity Surveyor

Van der Sluys J (in house)

Project Manager

Tre Eindomdienste

Main Contractor

Van der Sluys J

Steelwork Contractor

Triomf Staalwerke

Car showrooms, motorbike showrooms and service areas give architects lots of scope to create something different. Curved roofs, exposed steel trusses with outriggers give the feel of ship-like structures creating a super ambiance in keeping with the Honda cars and bikes on sale at this Somerset West outlet.
